This is Utopia (Roman 01): (and bold 01).
This is Utopia (Italics 01): (and bold 01).
This is Utopia (Italics with special digits 01): (and bold 01).

Another example: the command \textit: Here we are, 01.

The command \textit with \texttt switches italics (01) to special italics. Without this command italics (01) are italics.
